INTRODUCTION

The Internet Committee of the World Service Conference was established at the 1998 Conference to assist the C.A. fellowship in matters relating to the global communications phenomenon called “the Internet.” At the 2005 World Service Conference, the name was changed to Information Technologies Committee (WSCITC), to better fit the scope of emerging technologies. In order to fulfill this mission, the WSCITC has created this Workbook to assist and guide the entire C.A. service structure in the development of websites that will ensure unity throughout the service structure.

The purpose of the committee is to serve as a resource for the C.A. service structure in areas of emerging technologies. In addition, we facilitate and assist Areas and Districts in approving their local websites, so that they may have a link directly from the C.A. web properties. The IT Committee, on an ongoing basis, works on adapting available technologies to better carry the message of C.A., while always keeping in mind the Twelve Traditions and Twelve Concepts of C.A., C.A. policies, privacy, and security.

This Workbook contains the guidelines for setting up CAWSO approved Area and District websites. It is expected that this Workbook will change to cover other new developments as they arise in this rapidly changing environment. At this time, it is strongly recommended that groups and meetings use their Area or District websites as their exclusive internet outlet.

HOW TO SET UP AN INTERNET WEBSITE

Four basic items that are necessary for a C.A. Area or District website:

1. Internet access through an ISP (Internet Service Provider);
2. Website hosting provider (companies that provide space on a server for websites)
3. Domain registration (process of acquiring a domain name from a domain name registrar, usually your hosting provider);
4. Person(s) (usually called a webservant) or committee to create and maintain website.

Domain names are used to establish a unique identity. Organizations can choose a domain name that corresponds to their name, helping Internet users to reach them easily. (e.g. www.localca.org) (Examples of domain names currently being used by C.A. Areas are: ca4la.org, caofmn.com, and caofutah.com). The World Service Office has reserved the domain names ca.org, cocaineanonymous.org, and similar names for its own use.

When selecting a domain name, it is suggested that Areas pick a name easy to remember. Since many domain names are already in use, it is a good idea to have several possible choices in mind when applying for your domain. Domain registrars allow online inquiries to see if a given domain name is available. It is also suggested that, where possible, the domain name be registered such that the Area or District is listed as the “administrative contact”.

CONCERNING WEBSERVANT AND/OR INTERNET COMMITTEES

The District or Area should take care in selecting the person that will create and/or maintain their website (i.e., their webservant). Since the website will sometimes be the first contact people have with C.A. in their Area, it is important that the website be presentable. Further, because websites are a form of public outreach, the webservant should be well versed in the Twelve Traditions. It is therefore strongly suggested that the webservant be a member of C.A. and have experience both in service work and in website design.

It is further suggested that a member of the Area or District Board be assigned to monitor the website, so as to maintain a link to the group conscience.

The District or Area is reminded that the website needs to be maintained after it is constructed, since some things (e.g., events and meeting locations) may change from time to time.

It is further suggested that at least two District or Area members, including the webservant, know all appropriate passwords or access details.

A TYPICAL AREA WEBSITE

The www.ca.org/phones.html (C.A. World Services) local area contact page contains links to many Area websites. It is suggested that Areas wishing to develop their own website first review some of these sites. While there is great variation among Area/District websites, nearly all contain most of the following content:

- The C.A. Preamble
- The Twelve Steps and Twelve Traditions of C.A.
- Current conference approved literature
- A local meeting schedule
- A local activities and/or events page
- Area contact information, including email, telephone, and mailing address
- Information regarding service committee meetings

There is other content, such as the C.A. logo/trademark and disclaimers, which is required by CAWSO as a condition of having a link to your website from C.A (C.A. World Services) local Area contact page. These requirements are discussed in detail in the next section.

Additional content an Area may wish to include are selections from C.A.'s many pamphlets, illustrative graphics, links to other local C.A. websites, convention information, and downloadable convention registration forms. However, this additional content should be carefully considered, so that the overall website remains within C.A.'s Twelve Traditions. A later section will outline some things to be avoided.

CAWSO also has some content available for download (e.g., graphics, the C.A. logo, approved copyright and trademark statements, the current version of this document, and other useful information). These materials can also be obtained by emailing a request to webservant@ca.org.

Any websites containing C.A. members' names, phone numbers, or email addresses, or displaying C.A. business reports or financial statements, need prior written approval from both the Area/District and the affected member(s). Additionally, when there is a need to distribute C.A. business or financial documents to members, it is suggested to utilize at least one secure access method (e.g., password protected site, etc.) in order to avoid C.A.'s name being drawn into public controversy, or any other potential violations of the Twelve Traditions of C.A.

The IT Committee will submit a quarterly report to the WSB Trustee assigned to the IT Committee. However, websites change over time, and should there be any questions regarding something seen on a C.A. website, please email webservant@ca.org.

REQUIREMENTS FOR C.A. AREA/DISTRICT WEBSITES

All C.A. Area or District websites must meet the following requirements in order to be considered for linking by the CAWSO:

- a) The Service Committee for the Area or District must have approved the website, and the CAWSO must be contacted by an elected officer of the Area or District with a statement to this effect.
- b) A link to the email address of the Area's current webservant must be posted on the website itself. This may be done in a way that obscures the individual's name, but the link must allow anyone to send email directly to the current webservant.
- c) Contact information for the Area must remain current so that any problem not resolvable by contacting the webservant can be resolved directly with the Area or District board.
- d) The official C.A. logo, unaltered except for color and size, must be present on the home page of the website. The size of the logo must be large enough so that the "®" (which indicates a registered trademark) is visible, and the logo legible. This logo, as a computer file, is available from the World Service Office upon request.
- e) The following link to a distinct "Disclaimer Page" must be placed at the bottom of the home page of the Area or District web site. The link shall be titled "<your area or district> Site Disclaimers". This distinct page shall contain the following disclaimers:
 1. Cocaine Anonymous is a Fellowship of, by, and for addicts seeking recovery. Friends and Family of addicts should contact Co-Anon Family Groups, a Fellowship dedicated to their much different needs.
 2. Some of the items contained in these pages are published with permission of C.A. World Services, Inc., but this does not imply endorsement of this website by the C.A. World Service Conference or the C.A. World Service Office. The information provided within this website is intended to be a convenience for those who visit our website. Such inclusion does not constitute or imply endorsement by, or affiliation with, the <your local area> Area or the Districts within.
 3. We regret being unable to offer links to non-C.A. sites, due to our longstanding tradition of non-endorsement of outside enterprises, whether related to our goals or not. While we are grateful for all links from other Web sites, we do not endorse any product, service or opinion offered by any outside organization.
- f) Any page containing quotes from copyrighted C.A. literature must contain the current copyright notice, and identify the piece being quoted [however, the books "Hope, Faith & Courage", "Hope, Faith & Courage II" and "A Quiet Peace" are NOT available for online reprinting, and are not covered by this provision]. This current copyright notice is as follows:

“In the spirit of Tradition Six, C.A. is not allied with any sect, denomination, politics, organization or institution. As such <your area/district/service committee> of Cocaine Anonymous and Cocaine Anonymous as a whole does not endorse and is not affiliated with <payment gateway/business name> or any of the companies and/or services offered on the <payment gateway/business name> site. Any links to external websites or services are only provided as a convenience to our members.”

LINKING, EMERGENCY DE-LINKING, & NON COMPLIANCE

a) Linking

When an Area or District wishing to have their website linked from C.A. web properties contacts either CAWSO or WSO webservant, this information will be forwarded to the WSO Board and Trustee responsible for internet matters. The website will be viewed for compliance according to the currently approved WSCITC Workbook and Guidelines. If the website is compliant, the Trustee responsible for internet matters will inform the WSO Board and the Board Chair to proceed with the linking of the website. The WSOB Chair will then contact the WSO webservant to authorize linking of the website, and will notify the Area/District Chair and Regional Trustee of the new link.

b)

If the website is found to be non-compliant, the WSOB Chair will send notice of non-compliance by all available methods to that website's webservant, Area/District Chair, and Regional Trustee. This notification will include a description of the non-compliance and offer possible solutions for compliance. Unless and until the site comes into compliance, it will not be linked from the C.A. web properties.

c) Emergency De-Linking

The WSOB chair may terminate the link from the C.A. web properties to any C.A. Area website immediately, under any one of the following conditions:

- 1) Direction from the WSBT as the result of a WSBT vote.
- 2) Notification from the affected Area/District officers that they do not authorize the site.
- 3) The website contains material that is clearly illegal (e.g., drug sales), totally unrelated, and/or bringing disrepute to C.A. (e.g., pornography).

In all cases above, the WSO webservant, Regional Trustee, affected Area/District Chair and Area Delegates will be immediately notified by all available methods of the action and the reason.

d) Non-compliance

When a possible non-compliance issue is brought to the attention of the WSO and/or WSO webservant, this information will be forwarded to the WSOB and the Trustee responsible for internet matters. The website will be viewed for non-compliance, and if the website is found to be non-compliant, the WSO Chair will send the notice of non-compliance by all available methods to that website's webservant, Area/District Chair and Regional Trustee. This notification will include a description of the non-compliance, and offer possible solutions for compliance within a reasonable time frame.

If the website fails to come into compliance within the specified time frame, then the website will be de-linked and notification sent to the website's webservant, Area/District Chair and Regional Trustee. When the non-compliance issues are corrected, the website will be linked or re-linked to the C.A. web properties, upon request from the Area/District.

Any new websites not currently linked to C.A. web properties, or any concerns about existing websites regarding possible compliance and/or non-compliance issues, should be emailed to webservant@ca.org. The committee will then review the website for compliance in accordance with the WSCITC guidelines and forward any comments to the WSO and the WSBT.

WSO or WSBT are responsible for addressing any issues forwarded from the WSCITC.

MEDIA

SOCIAL NETWORKING, BLOGGING, & MICRO-BLOGGING

Social networking, blogging, micro-blogging, and other tools have emerged as daily communication methods for individual members. When using these tools, we need always be mindful to not use the C.A. logo, Cocaine Anonymous name, or other registered trademarks of C.A. (e.g., “C.A.”, “Hope, Faith and Courage”, “We’re Here and We’re Free”, etc.) and to be respectful of anonymity and other spiritual principles in accordance with the Twelve Traditions of C.A. It is further suggested that members refrain from posting on any of the tools mentioned above any photos and/or videos that identify any activity, entity or person as being associated with Cocaine Anonymous.

Although most are password protected, social networking websites still publicly expose a great deal of personal information about the user. There are difficult and confusing issues to be navigated by the user not concerned with anonymity, let alone those of us in recovery. It is impossible to deny the tremendous possibility social networking sites present to aide us in carrying out our primary purpose, but our urge for progress should be tempered by methodical and deliberate consideration. The fact remains that social networking sites are public forums, and should be treated as such. The Eleventh Tradition reminds us that our names and pictures should not be broadcast, filmed, or publicly printed. While the final choice and ultimate responsibility of safeguarding the traditions rests with the individual, it should be noted that the spiritual principle of anonymity protects not only the member, but also the fellowship as a whole.

Nothing presented here specifically precludes a local District, Area, or Group from using these tools as part of their outreach; however, any such decision should be guided by group conscience, respect for our Traditions, and the effect upon the Fellowship as a whole. As such, it is suggested that decisions to adapt social networking and blogging tools for use by a local District, Area, or Group carrying the message be done only after careful deliberation and discussion within the Fellowship, including - if possible - the Regional Trustee.

TEXT BASED CORRESPONDENCE, TELECONFERENCING, AND/OR VIDEO CONFERENCING

Many groups, both in the real and virtual space, have begun exploring the possibilities of utilizing technologies for meeting via text based correspondence, teleconferencing, and/or video conferencing. Presently, two distinct classes of interactions exist. The first class can be defined as a connection where all endpoints can be accounted for by trusted servants (e.g., a joint meeting between two geographically distant groups). With this class, there is a level of assurance that no person or group is exposed to issues concerning a potential breach of the Eleventh Tradition. The other class, however, which is characterized by one or more connection endpoints that cannot be moderated by a trusted servant, may be subject to violations of the Eleventh Tradition (e.g., the recording/duplication of images, video, audio, or text and the possibility for them to be posted publicly). Therefore, it is suggested that at the start of any such meeting and/or at regular intervals, the following disclaimer be read or displayed:

“Due to the technologies being used for this meeting, a participant's anonymity, or the anonymity of others mentioned, could be compromised at a public level. The individual participants and our group as a whole have the responsibility to consider the potential implications, and our level of participation in this meeting. Our group conscience reminds us that Anonymity is the Spiritual Foundation of all our Traditions. Additionally, in the spirit of Tradition Six, C.A. is not allied with any sect, denomination, politics, organization or institution and as such does not endorse and is not affiliated with any of the specific technology providers utilized to facilitate this meeting.”

It is suggested that at least two or more committee members, including the Chair, know all appropriate passwords or access details.
